SCHEDULE 2 - COMPANY TRADING ACCOUNT- TERMS AND CONDITIONS

Company Trading Accounts ("CTA") are subject to the following terms and conditions:

1. A **"Company Trading Account"** or **"CTA"** is intended to help You develop Your trading skills and confidence. The CTA You may receive is a sub-account of Our primary account with the Direct Access Broker. Your use of the CTA is subject to the terms of this Agreement and the Direct Access Broker's T&Cs, both of which may be amended from time to time. Once updated, You must follow the updated wording.

2. CTA OPERATING RULES

2.1 The CTA is limited to one account per individual, and you must provide a valid e-mail address and mobile phone number for account verification purposes.

2.2 You must comply with the [Direct Access Broker's T&Cs](#) at all times, subject to such revisions as may be imposed by the Direct Access Broker from time to time. You must additionally comply with the terms of this Agreement, subject to such revisions as we may make from time to time.

2.2 Your eligibility for profit payments at clause 3 is dependent on Your ongoing compliance with this Schedule 2 and the Direct Access Broker terms and conditions.

2.3 The account will operate on a demo server.

2.4 Your CTA will operate with a leverage of 25:1.

2.5 You will place at risk no more than 2% of Your CTA balance on any one trade.

2.6 You must not have more than two (2) trades on the same currency pair, commodity, stock or index in the same direction.

2.7 We may deem an activity as "Scalping" if an Order or Trade on Your CTA has any of the below characteristics. These apply to any financial instrument traded via Your CTA:

(a) The Trade is opened and closed within three (3) minutes (i.e., the order for the closing trade follows the order for the open trade in three (3) minutes or less).

(b) An opposing trade is placed within three (3) minutes of another trade being opened thus creating a fully or partially hedged position (also known as a 'locked position'); or

(c) The Order for opening or closing the trade is placed on a latent price.

2.8 We do not provide spreads and liquidity to enable Scalping. Scalping is a breach of the Direct Access Broker T&Cs and of this Agreement. If, acting reasonably, we determine that you have engaged in Scalping on your CTA then we may (without detracting from our other legal rights or remedies):

(a) Immediately terminate Your CTA account.

(b) Void any trade (i.e., treat the trade as if it had never taken place) which was part of Scalping activity.

(c) Close any trade on the basis of our then and current process which was part of any Scalping activity; and/or

(d) Amend any trade on your behalf, so that it operates as it would have, as if the order was executed in the absence of Scalping.

2.9 We can exercise the above rights even if You have entered into (or refrained from entering into) arrangements with third parties relating to the relevant trade and even if You may suffer a trading loss as a result.

2.10 You must not use any expert advisers, robots, copy trading software, artificial intelligence, ultra-high speed, or mass data entry that could manipulate or abuse our systems or services or give you an unfair advantage.

2.11 You must not, intentionally, or unintentionally, place trades that take advantage of errors in the accounts, such as inaccuracies in displayed prices or delays in their updates.

2.12 You are prohibited from engaging, either alone or in cooperation with others, in any trades or combination of trades across connected accounts or accounts held with Smart charts if the purpose of such trades is to manipulate trading. Examples of such manipulation include entering opposite positions simultaneously.

2.13 You must not execute trades on your CTA using an external or slow data feed.

2.14 You must not perform gap trading on your CTA (i.e. by opening trades during scheduled major global news, macroeconomic events, or corporate reports, or earnings that may affect the relevant financial market for trading financial instruments).

2.15 You must not perform trades on your CTA that are inconsistent with the way trading is typically carried out in the forex or any other financial market. This includes but is not limited to:

(a) Opening positions with sizes that are noticeably larger than those of Your other trades; and

(b) Opening positions with numbers that are noticeably smaller or larger than those of Your other trades.

2.16 You must avoid any activities using your CTA that may cause financial or other harm to the Direct Access Broker, such as over leveraging, overexposing, making one sided bets or account rolling.

2.17 If You breach any operating rule or instruction, Your CTA will be suspended and reviewed by the Risk manager who may require You to undertake further coaching before approving the reactivation of Your CTA. If the Risk manager is satisfied that You are able to continue, Your CTA will be reactivated subject to the sole discretion of the Risk Manager (acting reasonably) based on their review.

2.18 You are prohibited from topping up Your CTA using Your own funds because this is a demo trading account.

2.19 You acknowledge that funds cannot be withdrawn from the CTA, nor can it be closed by You.

2.20 We reserve the right to access Your CTA at any time, in order to perform risk management due diligence on Your activities.

2.21 You agree to reimburse Us in full in respect for all losses and expenses we incur as a direct consequence of You breaching this Agreement. Our liability for losses and expenses is set out in clause 9.11 of these terms and conditions.

3. PROFIT SHARING AND INVOICING

3.1 Subject to Your compliance with Schedule 3 and the Direct Access Broker's T&Cs, if the CTA's balance is above the opening balance at the end of a calendar quarter, You will be eligible to receive up to the equivalent of 60% of that profit (Your "Profit Share") above the opening balance ("New Net Profit").

3.2 The remaining 40% profit will be retained by SC, and the CTA's balance returned to the opening balance for the next calendar quarter. If the CTA's balance is below the opening balance at the end of the calendar quarter there will be no change to that balance, and no profit share is payable.

3.3 If, at the end of any calendar quarter, Your account stands in profit (i.e., You have made New Net Profit) You may claim Your Profit Share. For the avoidance of doubt profit is calculated based on open P&L and closed trades.

3.4 The minimum profit share you can claim per calendar quarter is US\$100. Any profit below US\$100 can be accrued to the next quarter and if your profit is in excess of US\$100 in the subsequent quarter you may then claim Your Profit Share.

3.5 To claim Your Profit Share, You must submit an invoice to us at the end of the calendar quarter (so after 31 March, 30 June, 30 September and 31 December). At the end of each calendar quarter 60% of any profits over US\$100 will be debited and made available for Your Profit Share.

3.6 If your invoice is submitted in accordance with clause 3.5 you will receive payment within 30 days. If your invoice is late, payment may be delayed until the end of the following calendar quarter.

4. TERMINATION

4.1 The CTA may be terminated by either party giving not less than 30 days' notice to the other or immediately if:

(a) Your CTA is inactive for more than 60 working days.

(b) You breach this Agreement or the Direct Access Broker T&Cs.

(c) Required by applicable law or regulation.

(d) Your trading is insufficiently risk managed in the sole opinion of the Risk Manager.

(e) You already hold the maximum number of permitted CTA as described at clause 2.1

4.3 Unless the CTA is revoked for any of the reasons set out at 4.1 (a) – (e), when Your CTA is closed any New Net Profit owing to You (being Your Profit Share of any such Net New Profit) will be paid to You within 30 Working Days of You invoicing Us for the same.

4.4 In the event Your account is closed under clause 4.1(a) – (e), any New Net Profit (including any Profit Share) will automatically be lost. You will not be able to invoice Us for such amounts.
